Dear Mr. Tanambom:

Thank you for writing my office with regard to your concern of NYS Assembly Bill 8163, An act to amend the agriculture and markets law, in relation to the confinement of animals for food producing purposes.

I read your comments with much interest and understand the impact of this legislation. Should this legislation come before me on the Assembly floor I will not support it.

Again, thank you for sharing your views and concerns with me. As a representative in the NYS Assembly, it is important for me to be well informed on the provisions of any bill along with the position of my constituents. As always, please feel free to call me with any state matter.

Sincerely,
