Dear Mr. Tannenbaum:

Thank you for contacting my office regarding Assembly Bill 8163.

Harsh confinement within crates and cages takes away the ability of calves, pigs, and chicken to engage in natural behavior. Animals confined in such circumstances experience extensive and significant physical and psychological trauma

American consumers are increasingly demanding the humane treatment of all animals, including those raised for food. New York State should rise to meet this demand by bringing the practices of its agricultural industry into the modern era.

Please be assured that I will vote in favor of A08163 and advocate for its passage in the Assembly. Thank you for contacting my office and feel free to do so any time.

Sincerely,

Kenneth P. Zebrowski  
Member of Assembly  
Rockland County
